

Raising Awareness & Meeting Critical Needs

Dear Parent/Guardian,

Since 2010 Speak for Those Who Cannot Programs, Inc. (SPEAK!) has been raising awareness and helping to meet the needs of children and youth in Delaware. 'SPEAK!' has programs that benefit both at-risk-youth like those in foster care and those who live in two parent families that may not be considered at-risk.

In 2013, 'SPEAK!' announced the official launch of 'Project SERVE-it'. This meaningful new program is open to students in grades 1 through 12. It was developed by 'SPEAK!' to encourage all youth to help meet the needs of others through volunteer service. Some may already volunteer on a regular basis at school, church, with their families or with another group. Why not encourage them to sign-up for Project SERVE-it! If each student volunteers 2 or more hours each month, he/she will receive a free Chick-fil-A coupon for great food!

There are wonderful local volunteer opportunities available for those youth who are not currently volunteering. Many of them can be found on sites like www.volunteerdelaaware.org. To make it easier, over the next few months, 'SPEAK!' will post volunteer opportunities on its site. Some fun group volunteer service projects will also be posted at www.Speak4TWC.org.

Chick-Fil-A at Concord Mall believes so much in helping the community through volunteer service that they will give out coupons for free items every month to those who participate and meet the minimum volunteer hours. There will also be a fun-filled Finale at the end of the school year!

For more info about 'SPEAK!' & Project SERVE-it and to sign-up:

- Visit the SPEAK website at www.Speak4TWC.org
- Click on the Project SERVE-it Link

Regards,
Lyn Budd
